

**W. G. "GLENN" BOLTON, CFEI**  
**Managing Investigator, Fire Cause Investigations (FCI) Division**  
**Technical Specialist, System Engineering And Laboratories (SEAL), Tyler**

**EDUCATION**

Associate of Applied Science, Electronic Technology, Tyler Junior College, 1991  
TDI, Heat Pump School, Dallas 1983  
Johnson Control, Electronic controls, Dallas 1983  
OSHA, Safety & Health Seminar, University of Texas at Tyler, 1991  
NFPA, National Electric Code Workshop, Houston, 1992  
NAFI, Determining the Cause and Origin of Fires and Explosions, Eastern Kentucky University, 1992  
ACCA, Refrigerant Recovery, Ferris State University, Tyler Junior College RTDC, 1992  
HRFSC, Fire Protection and Safety in High Rise Structures, Houston, 1992  
U.S. Coast Guard Auxiliary, Boating Safety, 1992  
Texas A&M University, TEEEX, Fire Fighter II, College Station, Texas 1993  
Texas A&M University, TEEEX, Henderson Co. Fire School, Athens, TX, 1992, 1993  
Texas A&M University, TEEEX, NE TX Fire Protection School, Longview, 1992, 1993  
Texas A&M University, TEEEX, 9th Annual CETX Arson Investigation Conf., Longview, 1992  
Texas A&M University, TEEEX, 9th Annual Tatum Area Fire Protection Conference, Tatum, 1993  
Texas A&M University, TEEEX, Fire Cause Detection and Arson Investigation, El Paso, Texas, 1993  
Texas A&M University, TEEEX, 16th Annual Tyler/Smith County Area Fire Protection Conf., Tyler, 1993  
IAAI, Fire Investigations Theory Applied to Live Burn Situations, Galveston, Texas, 1994  
International Assoc. of Special Investigation Units (IASIU), Annual Seminar, Tucson, Arizona, September, 1996  
Texas Chapters of the IASIU, 4th Annual Training Seminar, Dallas, Texas, April, 1997  
New Orleans Chapter of the IASIU, 2nd Annual Training Seminar, Metairie, Louisiana, April, 1997  
International Association of Special Investigation Units (IASIU), Annual Seminar, Charlotte, NC, September, 1997  
Small Power Watercraft Damage and Claim Evaluation, First Marine Insurance Co., Houston, TX, October, 1997  
Investigation of Gas and Electric Appliance Fires, Fire Findings, Benton Harbor, MI, November, 1997  
International Association of Special Investigation Units (IASIU), Annual Seminar, Houston, TX, April, 1999  
Annual East Texas Arson Investigator's Seminar, Longview, TX, 1996 - 2003

**CERTIFICATIONS**

FCC, Radio Technicians License, N5UDA  
NAFI, Certified Fire and Explosion Investigator, Registration No. 3742-567, 1992  
ACCA, Refrigerant Transition and Recovery, (Universal)  
Texas Board of Private Investigators and Private Security Agencies, Manager, State License No. A06940  
State of Louisiana Private Investigator, State License No. 1160-071394-LA  
State of Arkansas Private Investigator, State License No. D99-0400  
USFA, Fire Cause Detection and Arson Investigation  
Compliance Solutions, 40 Hour Hazwopper Course, Certificate No. 40-1311  
Compliance Solutions, 8 Hour Site Supervisor Course, Certificate No. SUP-118

**TEACHING EXPERIENCE**

Instructor, TX State Technical College, Marshall, TX  
Fire Protection  
Guest Lecturer, University of Texas at Tyler,  
Fire & Explosion Investigation  
Guest Lecturer, ENTEX Energy Corporation  
C&O Investigation & Safety  
Guest Lecturer, East Texas Area Claims Association  
Fire Investigation & Damage  
Instructor, Texas State Technical College, Marshall, TX  
Fire Protection Systems

**PROFESSIONAL SOCIETIES**

NAFI, National Association of Fire Investigators  
ASCET, American Society of Certified Engineering Technicians  
ETAIA, East Texas Arson Investigations Association  
NFPA, National Fire Protection Association  
SFFMA, State Fireman's and Fire Marshals' Association of Texas  
SETAIA, South East Texas Arson Investigator's Association  
IAAI, International Association of Arson Investigators

**QUALIFICATIONS**

Sixteen years experience, HVAC systems, design and trouble shooting, ventilation, boilers, chilled water systems, electrical and pneumatic controls, fire dampers and refrigerant recovery.  
Fire fighting procedures, rescue helicopter landing zone coordination.  
Forensic experience: product testing, field testing, and laboratory experiments; inboard, outboard motors & personal watercraft.  
Test driver/rider personal watercraft, ATV, and motorcycles.  
Fire & explosion causation, arson investigation, and lightning damage determination.  
Origin & cause investigations experience; automobiles, diesel trucks, farm equipment, heavy machinery, excavators, log skidders, loaders, shears, cutters, delimiters, debarkers, boats, ships, motorcycles, residential homes, commercial buildings, restaurants, warehouses, industrial plants, hotels, motels, airport terminals, service stations, retail stores, apartment complexes, livestock facilities, automobile dealerships, offshore oil platforms, schools, aluminum dust and chemical explosions.  
Extensive laboratory testing of household appliances and electronics for fire causation.

**EXPERIENCE**

2000 - Present      Firefighter, Member, Chapel Hill Volunteer Fire Department  
Vice-President, Fire Cause Investigations (F.C.I.), a division of S.E.A.L.  
1992 - 2000      Manager, Fire Cause Investigations (F.C.I.), a division of S.E.A.L.  
1989 - Present      Technical Specialist, System Engineering and Laboratories  
1986 - 1989      Air Conditioning Systems Sub-Contractor, Comfort Temperature Air-Conditioning  
1983 - 1986      Commercial Leadman, Vanco Air Conditioning  
1978 - 1983      Service Technician, Maddox Air Conditioning  
1975 - 1978      Tyler Pipe Industries, North Plant
